

What's the weather like in Kalkan? This has got to be one of the most commonly asked questions when British people are planning to come to this wonderful part of the Turquoise Coast.

Let's be honest, the Brits do have an obsession with the weather.

So, bearing that in mind, KTLN thought it may be useful to tell you something about the Kalkan climate and weather.

But first of all, if you want to know the current weather, [click here for the latest KTLN weather report](#)

Climate or weather?

What's the difference? Climate can be described as the prevailing weather conditions experienced in a region over a considerable length of time - many years. Weather is atmospheric events that you experience on a day to day basis, such as temperatures, precipitation, humidity and wind.

The Kalkan Climate
